Reality TV shows are good entertainment

Reality shows are a very popular form of entertainment on TV nowadays. There are dozens of different types of programmes such as singing contests, cooking competitions or going to live in the jungle.

Firstly, I think that there is a lot of variety in reality TV. People at home can choose which types of programme they want to watch depending on what they are interested in. Some people like watching singing or cooking competitions while others prefer watching programmes about building houses or travelling around the world. **In addition**, reality TV programmes are a great opportunity to discover talented singers, dancers or chefs. Several people who take part in these programmes get jobs as a result of being on TV. **Another advantage** is that the people on the shows have interesting experiences and meet new people.

On the other hand, some people think that reality TV is an easy way for them to become famous. **However** most successful singers, actors or chefs have worked hard all their lives and are good at their job because of their hard work. **Also**, sometimes the people on the shows have to do really difficult or dangerous things. The competitions are very hard and there is only one winner. **Another disadvantage** is that some programmes always follow the same format and this can be boring to watch.

To sum up, I think that reality TV is good entertainment. There is lots of variety which means there is something for everyone and they are interesting to watch.
