Bullying
(Listening)

I've never understood bullying. Why do people have to make the life of another person so ? Why do they think they have the right to and kick someone they think is weaker than them. I was when I was a child. It was a living hell. I was really afraid to go to school, for many, many years. I knew I was not safe break times. It was always a group of bullies that got me in the , or on the playing fields. They made me hate school. I know they also me for life. I have no now. I'm 32 years old but I'm afraid to up for myself. The school bullies took away my belief in . They didn't know that they would scar me for life. The scars have gone but not the emotional ones.
