ÔN TẬP PHẦN KIỂM TRA GIỮA KỲ PHẦN READING – NHÓM 5

I. Read the following passage and decide whether each of the statements is TRUE or FALSE.

A university in Ho Chi Minh City is working on a rescue robot. It is designed to be able to fly to an intended area. It can also dig to get under the ground and find people. Then it sends information about the location of victims and their states to the controller. This valuable information makes the rescue effective. Because it is just the size of a small book, it requires little energy. Its battery allows it to do rescue work in 48 hours.

Statements

True/False

1. A science club invents	s the rescue robot.			
2. The rescue robot can move under the ground.				
3. The robot tells where	the victims are.			
4. The robot only rescues victims from the ground.				
5. The rescue robot works on the battery for a few hours.
