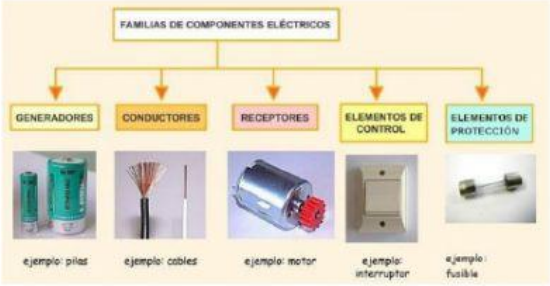
3.1. COMPONENTES ELÉCTRICOS



Elemento	Nombre	Tipo (Generador, receptor, conductor, elemento de control, protección)	Símbolo
	Pila	Generador	
	Cable	Conductor	
	Bombilla	Receptor		Motor	Receptor		Pulsador	Elemento de control		Interruptor	Elemento de control	
	Zumbador	Receptor		Conmutador	Elemento de control		Fusible	Elemento de protección		Resistencia fija	Receptor	
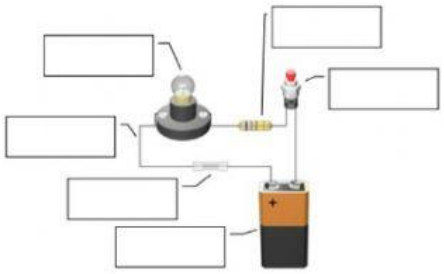
LIVEWORKSHEETS

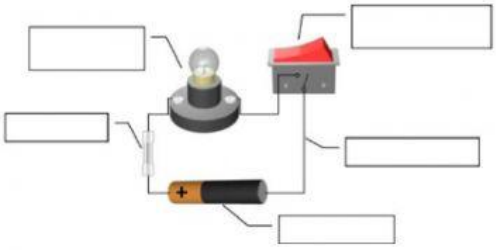
Actividad 1: Indica el nombre del componente y que tipo es

Elemento	Nombre	Tipo (Generador, receptor, conductor, elemento de control, protección)

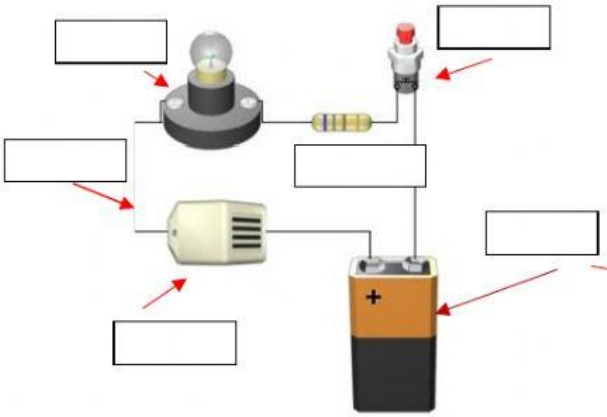
LIVEWORKSHEETS

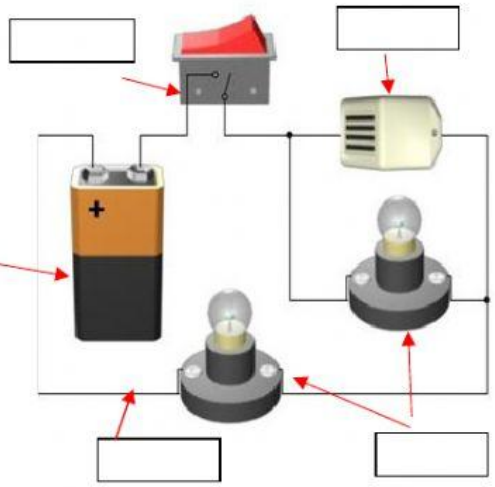
Actividad 2: Indica para cada figura el tipo de elemento de que se trata (Generador, Receptor, Conductor, Elemento de protección, Elemento de Control)

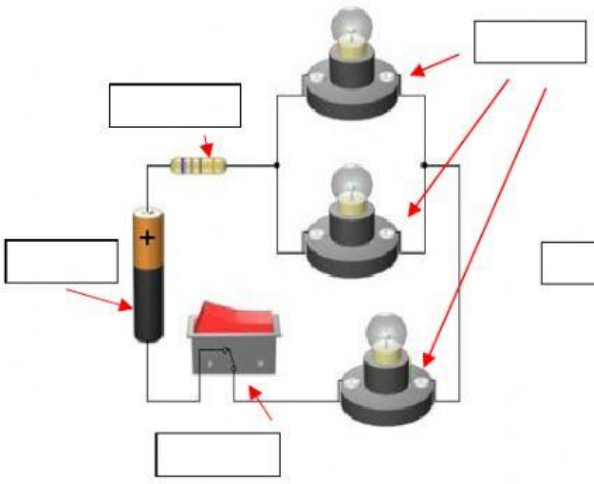


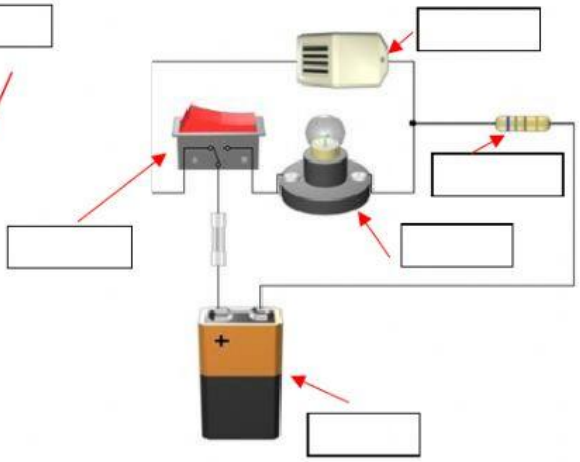


Actividad 3: Nombra los dispositivos eléctricos que aparecen en los siguientes circuitos









LIVEWORKSHEETS
