

LISTENING SELF STUDY: Unit 7 Track 1,2,3**Name:****EX 1: (track 1) Fill in the blank. NO MORE THAN TWO WORDS**

Step 1	ensure you (1) your question on one particular area.
Step 2	Make a reading list which should be: - (2) to give you some overall information. - (3) to the kind of energy you've chosen.
Step 3	Start reading straight away + Remember to (4) while reading Or else you might feel hindered to (5) of ideas for reference purposes in the future.
Step 4	- Should allocate more time to (6) the material - It's also a good idea to arrange ideas in a (7)
Step 5	Analyse the notes and material for (8) to your research question

EX 2: (track 2) Fill in the blank. NO MORE THAN THREE WORDS

John: Hi, Mary. How are you?

Mary: I'm fine, thanks, John. How's your essay going?

John: Not so good, actually. Would you be able to help me with it?

Mary: Of course. What do you want to know?

John: Well, just the (9) you're going to write about. I won't copy
you - I just want some ideas to get me started.

Mary: Well, Mr Jones advised us to focus on just two or three forms of (10)
.....for our evaluation **so I think I'm going to choose (11).....**
it's fairly easy to evaluate.

John: Are you going to explain both the positive and negative aspects?

Mary: Well, Mr Jones warned us not to get too involved in the (12).....of the
topic. **So I'm going to structure my essay by** using the advantages and disadvantages of
each energy form. **That's why I also want to talk about (13).....** I think
there are more disadvantages.

John: Oh, **I see what you're doing** - using the negative points of one to highlight the
positive points of the other! That's a smart idea. And what about the third energy source?

Mary: Mm, I was having difficulty choosing between (14).....because they're
both (15)..... but **I've decided to do** nuclear for my presentation instead.

John: Thanks, Mary. Chatting to you has helped me think a bit more clearly about my essay.

Mary: That's fine. Good luck with it.
