

INTERACTIVE WORKSHEET

READING COMPREHENSION

GRADE : 1st of Secondary

AREA : English

I. Read the following passage, then answer the questions below :

Water is the basic need of every life form on Earth. It is water that help us to lead a comfortable life on this planet. Our bodies are made up of 70% water, which is why Water is such an important compound for us. We use Water for so many purposes. We need water for drinking, cooking, bathing, and cleaning.

Without Water, life would be impossible on the planet. Water is found on the Earth in the form of rivers, oceans, seas, ponds, lakes, streams, and glaciers. The composition of Water remains the same throughout the Earth. We must save water and should not waste it. We should always turn off the taps after using water wisely. Water is really a great free blessing to all living creatures.
