

Додавання виду $36 + 20$

Підказка!

Додавай десятки до десятків.

1. Обчисли.

$63 + 30 = \square\square$

$64 + 20 = \square\square$

$56 + 20 = \square\square$

$29 + 50 = \square\square$

$76 + 20 = \square\square$

$73 + 10 = \square\square$

$84 + 10 = \square\square$

$57 + 30 = \square\square$

$72 + 10 = \square\square$

$62 + 30 = \square\square$

$49 + 20 = \square\square$

$47 + 20 = \square\square$

$39 + 20 = \square\square$

$35 + 50 = \square\square$

$68 + 30 = \square\square$

$53 + 40 = \square\square$

$47 + 40 = \square\square$

$51 + 40 = \square\square$

$48 + 30 = \square\square$

$42 + 30 = \square\square$

$38 + 20 = \square\square$

2. Встав знак $>$, $<$ або $=$, не виконуючи обчислень.

$58 + 10 \square 58 + 20$

$72 + 20 \square 72 + 20$

$32 + 40 \square 32 + 50$

$58 + 40 \square 58 + 30$

$64 + 30 \square 64 + 20$

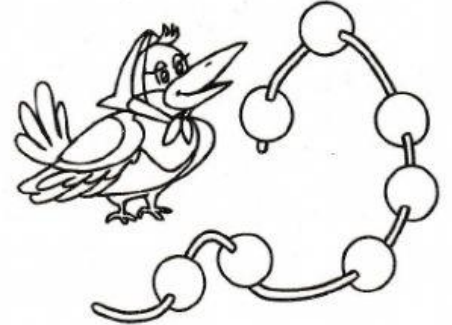

$43 + 20 \square 43 + 10$

$43 + 40 \square 43 + 30$

$28 + 60 \square 28 + 50$

$27 + 30 \square 27 + 40$

$26 + 30 \square 26 + 40$

3. Добери відповідні числа.

$49 + \square\square = 99$

$42 + \square\square = 62$

$56 + \square\square = 86$

$24 + \square\square = 64$

$57 + \square\square = 87$

$43 + \square\square = 63$

$76 + \square\square = 96$

$23 + \square\square = 63$

$65 + \square\square = 95$

$54 + \square\square = 74$

$48 + \square\square = 78$

$34 + \square\square = 54$

$36 + \square\square = 56$

$62 + \square\square = 82$

$65 + \square\square = 95$

$78 + \square\square = 89$

$78 + \square\square = 98$

$53 + \square\square = 73$

$34 + \square\square = 54$

$43 + \square\square = 63$

$78 + \square\square = 98$
