3. Read about the Kangaroos and complete the facts.

Kangaroo is my favorite animal. They only live in Australia. There aren't any kangaroos in other countries. They can be 150cm tall, and their tail can be 120cm long. They can run at 70 kilometres per hour (kph). Kangaroos are brown or grey in color. They've got 30 teeth and they eat plants and leaves. Group of kangaroos is called mob.
