

El recorrido de los encierros de San Fermín 2017

Recorrido de 848 metros por las calles de Pamplona

848

=

0.526923

Meter

Mile

Here is the *El País* newspaper's guide to the *San Fermín* bull-running course.

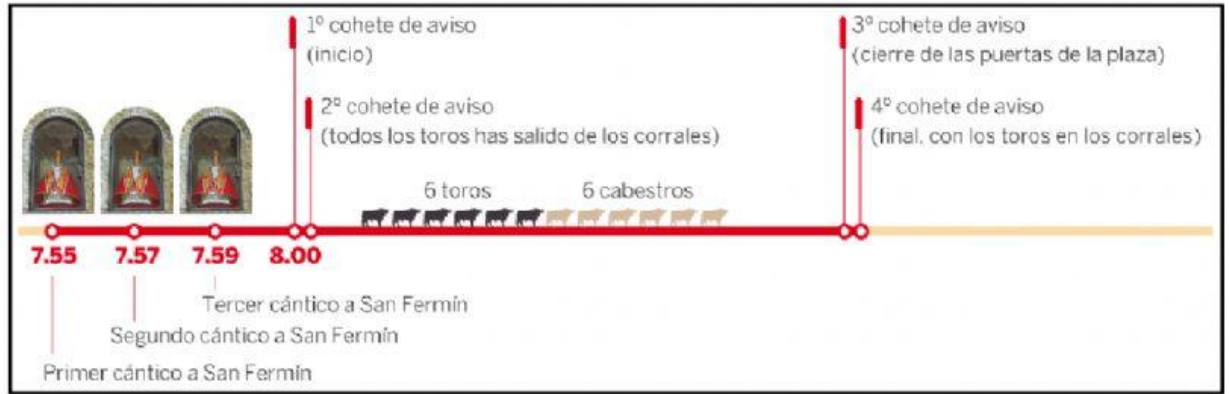

Where is the “safest” place to run with bulls? Look at the illustration and identify the positives and negatives for each of the sections of the course before making your decision.

Section	Description	Positives	Negatives
Cuesta de Santo Domingo			
Ayuntamiento – Mercaderes			
Curva de mercaderes			
Estafeta			
Telefónica			
Callejón			

To help you: Can you work out the meaning for these nouns from the verbs without using a translator or dictionary?

noun	verbs	English meaning of noun
Un cántico	cantar	
El comienzo	comenzar	
El encierro	cerrar	
El recorrido	recorrer	
La corrida	correr	
El desalojo	Desalojar (alojarse)	

Timeline:

Look at the timeline above and answer the questions.

1. How many bottle rockets are used in total?
2. How many bulls in total?
3. How many songs to the patron saint?
4. Which rocket lets you know all the bulls are out and running?

Answer according to the illustration -

1. What do the little crosses mean?

2. How many San Fermín have died?

3. What three areas are the most dangerous areas?

4. Where have most of the fatalities occurred?
