Topic 17: My Sunday

There are seven days of a week but I love Sunday the most! Here are some reasons why I love Sundays.

On Sunday, I don't go to school. So, I usually get up late in the morning. After having a big breakfast, I go out and play basketball with my neighbors. Then I visit my grandparents.

When I visit them, my grandmother cooks me many delicious meals. In my grandparents' house, I can eat lots of things such as pizza, spaghetti, hamburger and snacks. In the afternoon, I go fishing with my grandfather. I really love fishing because every time I go fishing with grandpa I always catch many fish. After that we have fried fish for dinner with my grandparents. Next, I often play hide and seek with my cousins. Sometimes we play football together. In the evening, I watch TV or play computer games, I don't need to do homework.

Sundays are fun and relaxing! Sundays are my favorite days.
