IRREGULAR VERBS

The past simple of irregular verbs is formed in a different way,

you **don't** add **-ed** to the verb.

*NO: go - go**ed*** *YES: go - **went***

\+ In affirmative we have to memorize a list, each past is different.

Subjet + verb in past form

*I **went** (Yo fui)*

*to go - **went***
*to have - **had***
*to be - **was/were***
*to make - **made***

*Para formar el pasado de verbos irregulares tenemos que memorizar el pasado de cada verbo (solo en afirmativo)

\- To make the negative we use **did not** or **didn't** (the same as the regular verbs)

Subjet + did + not + verb in infinitive

*She **didn't** go (Ella no fue)*

*Cuando usamos el "**did**" utilizamos el infinitivo, no la forma en pasado

? To make the interrogative we use **did.**

Did + Subjet + verb in infitive ...?

***Did** they go?? (¿Ellos fueron?)*

*Todos los sujetos se forman igual (I,You, She, They...)
