

Activity 2- Look at the examples and complete the sentences with the correct option

- All the questions use "how"
- All the questions use **does (do)**.
- How many** and **How much** have an **extra word** between "does". The **extra word** is an adjective.
- The correct structure is...
How + do / does + subject + complement?

Activity 3 . Possible ways to answer each question

Count noun	Well (good)	Health	Noncount noun	Time (hours)	Frequency (times)
------------	-------------	--------	---------------	--------------	-------------------

How **often** **does** Hal go to the gym? (every day, several times, never)

How **long** **does** Hal spend there? (3 hours, 3 hours)

How **much** sleep **does** he get? (a lot, quite a bit, not much)

How **many** hours **does** he sleep? (3 hours, 3 hours)

How **well** **does** he sleep? (extremely well, pretty well, not very well)

How **healthy** **is** Hal? (very healthy, quite healthy, not healthy at all)

Activity 4 – Read and place the sentences in the correct order

How eat out do ? you often
times a week ? How do many you exercise
you ? How well chess play do
