

Listen and choose T, F or NG from the drop-down box

1-In the 1950s, dhows were able to anchor in the port to unload their cargoes.

2-The transport infrastructure before the 1970s was excellent, with roads connecting traders with trade routes across the emirates.

3-Traders used to use sand tracks along the beach to transport goods from Dubai to Abu Dhabi.

4-Today, the UAE's network of
