For each question, choose the correct answer.
There are three extra sentences which you do not need to use.

At home together

Taimi Taskinen is an 83-year-old woman who lives in a care home called Rudolf House in Helsinki, Finland. A care home is a place where old people can live and be looked after if they don't live with their families. At Rudolf House, there are lots of stairs, so there are some rooms which elderly people can't access easily. As a result, the city council decided to rent these spare rooms to young people. They called this new housing programme 'The House that Fits'.

When Taimi heard about the council's plan, she wondered how it was going to work. 16 ____ She couldn't imagine what she'd have in common with young people who weren't family members. Then, one morning a few days later, a young man appeared outside her room. 17 ____

'Hi! I'm your new neighbour,' the young man said. 'My name's Jonatan Shaya. Mind if I come in?' 'Please do,' she replied, immediately curious. 'I'll make coffee,' he announced, going into her tiny kitchen. 'Why don't you tell me about yourself?' he asked, as he brought their drinks to the table.

18 ____ She also told him about her family and how much she loved making art.

In turn, 20-year-old Jonatan told Taimi he'd been living in Helsinki with his mother and younger brother until they moved away. He was in the middle of a course in the city, training to become a chef. 19 ____ That's when he heard about 'The House that Fits' on social media. The council's post resulted in over 300 young people applying to live at Rudolf House. They had face-to-face interviews and wrote short essays about why they wanted to live there. 20 ____ And that's how the unlikely friendship between Taimi and Jonatan began.
