

## Collocations

Collocations are words that are commonly used together.

When we are talking about our health and being sick, we often use **have got** and **feel**.

e.g. I've **got** a headache.

She's **got** a fever.

e.g. I **feel** tired.

He **feels** hot.

We collocate **have got** + .....

( adjective / noun )

We collocate **feel** + .....

- 2 Complete the spider diagrams with the words from Activity 3 on page 19 of the Classbook. Then think of two more words of your own to add to each diagram.
