PART 5

You will hear some tourist information about a town called Langley.

Listen and complete questions 21 to 25. You will hear the information twice.

Man: Well this is the town of Langley, everybody. You have three hours to walk around here. There's lots to see.

The Town Hall was built in the fifteenth century. Go inside and look at the pictures there. They are by a famous artist from Langley. You have to buy a ticket at the door – it's seventy pence, so it's very cheap.

Opposite the Town Hall is Langley Park. After you have seen the beautiful flower garden, you'll want a cold drink. Walk down to the lake – there's a small café there. You can sit and look at the water.

If you prefer, you can go on a tour of the town. You should meet the guide in Fawcett Street – that's F-A-W-C-E-T-T. It's on your map. The next tour leaves at two o'clock so you've got enough time. We must leave Langley at four fifteen to return to the hotel for our supper at six o'clock. The coach will wait here. Don't be late!

Now listen again.

This is the end of Part Five.

You now have eight minutes to write your answers on the answer sheet.

Note: Teacher, stop the recording here and time eight minutes. Remind students when there is **one** minute remaining.

This is the end of the test.
