Dear Diary,

I woke up at 6 am. I slept in! My shift started at 6.30 am so I had to rush to get ready. When I was ready, I went straight to the kitchen and started cooking the sausages, toast and eggs for breakfast. At 7 am, the day shift workers started arriving for their breakfast. Breakfast was over by 9 am and then it was time to wash the dishes and prepare the lunch. I cooked chicken curry and rice for lunch.

In the afternoon I had a break so I called my family. After I had talked to them, I felt a little sad because I missed them. It was then time to start preparing the food for dinner. I made pizzas and spaghetti. In the evening, I went to my cabin and watched T.V. I went to bed at 9.30 pm.
