**CAMPFIRE SAFETY**

Sitting around burning campfire is fun way to relax after day of hiking. Unluckily, many campers don't know how to keep their fires safe. Forests are easy to catch fire but it is extremely difficult to stop forest fire. Each year, forest fires burn plants, kill animals, destroy environment and put the lives of people in danger. It is important that when you have fire, you should make it a safe fire.

These are some guidelines to remember:

1. Choose safe place for your fire. Move all things easy to catch fire at least 1 meter away from your campfire.
2. When the campfire is burning, someone of your group should watch it to make sure the fire does not spread.
3. Have a shovel ready in case you need to put the fire out.
4. When you don't want to use the fire anymore, pour water on the fire until it is completely.

**Now choose the best answer**

1. Many campers do not know how to keep their campfires safe and they can  
 A. not cook their meals.  
 B. make forests burn.  
 C. not chase the wild animals away.
2. When forest burn, it will  
 A. burn plants, kill animals, destroy environment and put people in danger.  
 B. chase wild animals out and they will kill the people living nearby.  
 C. give us a lot of coals.
3. When the campfire is burning, someone should take care of it to  
 A. stop the fire to spread in time.  
 B. keep fire aflame all the time.  
 C. keep wild animals away from campsite.
4. When do not want to use the fire any more, we should  
 A. leave it to other people to use  
 B. cover it with green leaves.  
 C. make it completely cool with water.
5. We should know how to keep our campfires safe because
