Hello my lower grade friends.

Today we are going to learn a new topic : SOUND

What will we learn? We will learn to indentify source of sound.

Where do sound come from?

Lets play from this video!

Now what sound do you hear at home? What sound do you hear outside your home?

Sounds in the environment differ from one another. Some are loud, others are soft.

I will show you the video about loud and soft sound.

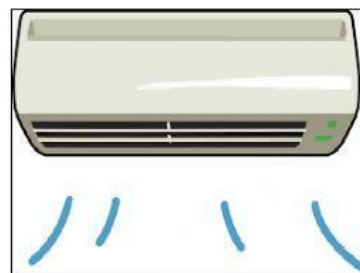

Now check the box of correct answer. What kind of sound does the object in the picture produce?

loud

soft

loud

soft
