

English Year 4

Week 15 (12th April 2022)

Today Hafiz is interviewing Izzati.

Hafiz: Good morning Izzati, where do you work?

Izzati: I work at the Turtle Conservation and Management Centre in Meragang.

Hafiz: Is that where the baby turtles are hatched?

Izzati: Yes it is. We collect the turtle eggs from the beaches. Then, we take the eggs to the Centre. The Centre is a safe place for the baby turtles to hatch out of their eggs.

Hafiz: What do you do with the baby turtles after they have hatched?

Izzati: We look after the turtles until they are old enough to look after themselves. Then, we take them back to the beaches and let them go.

Hafiz: What do you enjoy about your job the most?

Izzati: I enjoy seeing the baby turtles hatch out of their eggs.

Hafiz: Thank you for talking to us about your job, Izzati.

Izzati: You're welcome, Hafiz.
