

## Achievers A1 – Unit 7 – Vocabulary – Page 77

### 1.1. Read and choose.

- 1 Birds have **feathers / hair** to keep them warm. \_\_\_\_\_
- 2 People don't have a **back / tail** but most animals do. \_\_\_\_\_
- 3 Bears have four **legs / wings**. \_\_\_\_\_
- 4 We have **an elbow / a shoulder** in the middle of our arm. \_\_\_\_\_
- 5 We usually use our **feet / hands** to pick up and hold things. \_\_\_\_\_
- 6 Birds have **wings / arms** to fly. \_\_\_\_\_

### 1.2. Complete each sentence with a word above.

- 1 Birds need these to fly. \_\_\_\_\_
- 2 Our hands are attached to these. \_\_\_\_\_
- 3 We have one of these in the middle of our arms. \_\_\_\_\_
- 4 We have five of these at the end of our feet. \_\_\_\_\_
- 5 Some animals have this to keep them warm. \_\_\_\_\_
- 6 Humans don't have one of these but most animals do. \_\_\_\_\_
- 7 Your eyes, nose and mouth are on this. \_\_\_\_\_

### 2.1. Write the correct parts of the body.

1. A human has got eight, but you've only got two.
2. 'It' is in the middle of your arm and it helps you bend your arm.
3. A bird has got two of these. It uses them to fly.
4. A bird's body is covered in these.
5. You've got eight of these. They're on your hands.
6. You've got two of these. You use them to walk and they're at the end of your legs.
7. 'You've got two of these and they start at your shoulders.
8. It's in the middle of your leg and it helps you bend your leg.
9. This connects your foot to your leg.

### 2.2. Look at the parts of the body in exercises 7 and 8. Which three body parts do humans NOT have?

1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_

**3. Complete the text with the parts of the face.**

ear      eye      eyebrow      eyelid  
mouth      neck      nose      teeth.

Camels have got thick, hairy \_\_\_\_\_ to protect their \_\_\_\_\_ from the sun in the hot desert. They've also got three \_\_\_\_\_ on each eye that open and close to protect them from the sand in a sandstorm. And they've got hair on their \_\_\_\_\_ so that the sand can't get inside. They can open and close theirs \_\_\_\_\_ easily, just like a polar bear. But camels need to do this to keep out the sand, not the water! Camels have got a very big \_\_\_\_\_ with 34 strong \_\_\_\_\_ to eat leaves, grass and plants. A camel's head is attached to its body by its \_\_\_\_\_.
