CHAPTER 5 - MULTIPLICATION TABLES OF 6, 7, 8 AND

Topic: Division using multiplication facts

1. Write the missing numbers.

(a)

(b)

(c)

2. Write the missing numbers.

(a)  $8 \times 2 = \boxed{\phantom{00}}$       ~~~~~       $16 \div 2 = \boxed{\phantom{00}}$

(b)  $7 \times 4 = \boxed{\phantom{00}}$       ~~~~~       $28 \div 4 = \boxed{\phantom{00}}$

(c)  $3 \times 9 = \boxed{\phantom{00}}$       ~~~~~       $27 \div 3 = \boxed{\phantom{00}}$

(d)  $6 \times 7 = \boxed{\phantom{00}}$       ~~~~~       $42 \div 6 = \boxed{\phantom{00}}$

(e)  $9 \times 4 = \boxed{\phantom{00}}$       ~~~~~       $36 \div \boxed{\phantom{00}} = 4$

(f)  $3 \times 5 = \boxed{\phantom{00}}$       ~~~~~       $15 \div \boxed{\phantom{00}} = 5$

(g)  $5 \times 6 = \boxed{\phantom{00}}$       ~~~~~       $\boxed{\phantom{00}} \div 5 = 6$

(h)  $1 \times 9 = \boxed{\phantom{00}}$       ~~~~~       $\boxed{\phantom{00}} \div 9 = 1$

3. Sani puts 24 balls equally into 4 baskets.  
How many balls are there in each basket?

\_\_\_\_\_  $\div$  \_\_\_\_\_ = \_\_\_\_\_

There are \_\_\_\_\_ balls in each basket.

4. Maria puts 40 cookies equally on 5 plates.  
How many cookies are there on each plate?

\_\_\_\_\_  $\div$  \_\_\_\_\_ = \_\_\_\_\_

There are \_\_\_\_\_ cookies on each plate.
