Terracotta Army

Listening Comprehension: Identifies

I. Listen to the information very carefully (only twice). Then, write T for true or F for false next to each statement.

	Statements	T or F
1	Qin Shi Huang was a powerful Japanese emperor.	
2	That powerful emperor lived over 2,200 years ago.	
3	Qin Shi Huang made people build a terracotta army to protect him after his death.	
4	The army was found far from the tomb.	
5	The emperor ordered the construction of the terracotta army, but he wanted that no one looked alike.	
6	The soldiers of the terracotta army were found back to the emperor's tomb.	
7	The construction of the army included men, horses, and bridges.	
8	It took about 50 years to build the complete army.	
9	The Terracotta Army was discovered in 1964.	
10	This archeological site was discovered by farmers.	

You are doing a great job!
