HOTELS

A The **Salisbury Hotel** is a top hotel with a health club, swimming pool, shops and a fully-equipped business centre. Within the hotel are three international restaurants, one with a French chef. The hotel is conveniently located close to the motorway, though airport users should allow plenty of time because traffic is usually heavy.

B The **Cumberland Hotel** is well placed for sightseeing on a busy city street, in a district which is full of interesting shops. Rooms are expensive but comfortable and the hotel serves excellent food, typical of the area. A piano player entertains guests every night in the bar.

C The **Rathmore Hotel** offers good value accommodation, with wonderful English food in the restaurant. The hotel is well-known for its small orchestra which plays while guests have dinner. It is on the eastern edge of the city but special sightseeing buses are available to take guests into the centre (the trip takes over an hour in traffic).

D The **Russell Hotel** is close to the airport, and has quiet, comfortable rooms. However, the journey to the city centre can take time, and prices are above average. Delicious local food is served in the restaurant, and its conference rooms and business facilities are excellent. The hotel is surrounded by woodland, offers a golf course, and there are pleasant walks around the nearby lake.

E The newly-built **Aviemore Hotel** is small but in the centre of the city's cinema, restaurant and nightclub district. Rooms are clean, comfortable and reasonably priced, although the food is rather basic. There is an electronic games arcade in the hotel.

F The **Padnal** is an older hotel in the heart of the city, with ground-floor rooms opening onto a country-style garden. Prices are reasonable. There is a sports centre and a small cinema and nightclub. A band performs every evening in the hotel restaurant, where excellent French food is served. Airport buses pick up from the hotel.

G The **Westmore Hotel** is in beautiful countryside to the east of the city. It is peaceful and inexpensive, although the accommodation is basic. There are opportunities nearby for sailing and diving, and a lot of interesting routes to explore on foot.

H Although the prices at the **Grange Hotel** are higher than at many city-centre hotels, it has a lot to offer. It shares a modern complex with nightclubs, cinemas, shops and conference facilities, 20 kilometres west of the centre. Trains run from the nearby railway station to the city centre and the airport, although journeys can take up to an hour.

ANTARCTICA SIGHTSEEING FLIGHTS WEBSITE

Next flight 31 December!

Welcome to the website. Here is all you need to know before booking a flight.

During the brief Antarctic summer, Antarctica Sightseeing Flights takes tourists in a full-size passenger plane (Boeing 747) from Sydney, Australia, over the continent of Antarctica and back.

Flight dates for next year are not definite yet, but if you make a booking now, your deposit is transferable if we need to change the day.

Questions
These are answers to the most frequently asked questions about Antarctica Sightseeing Flights.

How long is the flight?
The average flight is 12 hours. About four hours into the flight, we usually see the first sea ice and icebergs. We spend four hours over Antarctica and the remaining time travelling home. On the way to and from the continent, Antarctica experts who have lived on scientific research stations there give talks on the environment and history, and answer questions. A camera next to the pilot, which is linked to the video system on board, gives you a pilot's eye view throughout, from take-off to landing.

Will I get a seat next to a window?
All passengers are given two boarding passes. At the halfway point of the flight, passengers are asked to move to the seat shown on their second boarding pass. Business and first class passengers will have a window seat for half of the flight and a next-to-window seat for the other half. Economy passengers will have a window seat or the seat next to a window seat for half of the flight and an end of row seat for the other half of the flight. While over Antarctica, we encourage passengers to get up from their seats and move about the plane, allowing everyone to share the sightseeing opportunities. The pilot flies in long 'figure 8s' over various points of interest to allow these amazing sights to be seen equally well from both sides of the plane.

What happens if the weather is bad?
We have 17 different approved flight plans. Our captain looks at the satellite cloud picture on the morning of the flight and selects the direction which promises the clearest views.

Will I see penguins and other wildlife?
As most Antarctic wildlife lives at sea level, over 3,000 metres below the plane, we can't see them in any detail. We do not land on Antarctica, primarily for environmental reasons. To experience Antarctic wildlife, you would need to join a boat tour.

Can I take photographs?
Definitely! All cameras are welcome. We even provide a few fun onboard photo opportunities where you can experience what it is like to wear Antarctic cold weather clothes.
