2 Look at the pictures. What's Ben's job?

People who help us

There are lots of people who help us at home, at school and outside.

Some people who help us wear uniforms. Uniforms are special clothes people wear for their work.

Ben is a firefighter. He needs to wear a black uniform for his job. He sometimes works in the day, and sometimes at night. Some weeks he works on Saturdays and Sundays. He gets up every day at six o'clock.

He has breakfast and a shower at the fire station where he works. Sometimes he even sleeps there!

Every day is different for Ben. Firefighters help lots of people. They stop fires in houses and other places, they help people in accidents and sometimes they even help animals on farms.

Some days Ben goes to schools to talk to children about how to be safe.
