V. Read the text, and then answer the questions.

Imagine the future...

In 20 years, every thing will be different. Computers will talk to all the machines in our kitchen. Fridges will have computers, too. You won't go to the supermarket to buy food. You will tell the fridge what you want to eat and the fridge will know what food to buy. Your fridge will talk to the computer at the supermarket. After that, the food will arrive at your house. How will it come? It won't be quick. A teenager will cycle to your house with your food!

Will you know what will happen in the future? No one really knows, but it's great to imagine!

1. When will everything be different?

.....

2. What will computers do in the kitchen?
