Before the 20th century, families _____(41)___ marriages for their children. Young people didn't decide who they want to marry. After they got married, they usually had _____ (42)___ children. At the end 20th century, most young people could choose the person they wanted to marry. A marriage joined two people and not two families. Two people could get ____ (43) ____ because they loved each other, not just because their families wanted them to marry. At the same time, people began to realize that they had to _____ (44)____ care of their children. They realized that ___ (45) ___ is necessary for a good life.
