Read the paragraph and fill the gaps with words from the list:

schoolwork reason surf

save gadget

Computers nowadays are one of the most important things that people use in their everyday lives. In my case, I would consider a computer to be my favorite ..... for many reasons.

One reason is that it makes our life easier. For example, I do all of my .....on the computer. I find it a lot easier than doing my schoolwork on paper as I would not need as many sheets of paper. Also, I only have one location to go to do all of my tasks and can .....time.

Another reason why my computer is my favorite gadget is that it makes work more fun. I can ..... the internet, play games, watch videos, and listen to music. Finally, I would say that the last..... why my computer is my favorite gadget is that it has allowed me to be more social at home and away from school.
