4 Read the text. Write T (true) or F (false). (5 points)

It's one o'clock in the morning in a forest in South America, and night monkeys are looking for food. They love eating fruit and they sometimes eat insects when they can find them. The night monkeys are climbing trees. They're very good at climbing and never come down from the trees.

Now it's ten o'clock and it's sunny and hot in the forest. You can't see any night monkeys. They are sleeping. Night monkeys usually sleep for 17 hours a day. That's 70% of their lives. They're also hiding in the trees. The forest is dangerous for night monkeys in the daytime.

1. Night monkeys' favorite food is fruit. _____
2. Night monkeys never eat insects. _____
3. Night monkeys live in trees all the time. _____
4. Night monkeys usually sleep in the day. _____
5. Night monkeys hide in the daytime. _____
