

Polígonos

Hallar el área y perímetro de los siguientes polígonos

$$\text{Área de polígonos regulares} = \frac{P \times ap}{2}$$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$

$P = \boxed{} \text{ cm}$

$A = \boxed{} \text{ cm}^2$
