HIPSTERS

Hipsters are people, usually under 30, who live in large cities and love urban life. They are into art and they like going to small cafes and bookshops. They live in trendy areas like Palermo Soho or San Telmo. They are interested in vintage decoration, and they usually decorate their flats with old-fashioned furniture and second-hand or recycled objects.

Hipsters prefer a different kind of fashion. In fact they don't want to be fashionable. They like wearing vintage clothes. They don't wear famous brands like Nike or Adidas. They prefer to find old or second-hand clothes, usually from their grandparents' wardrobe!. They often wear checked or flowery clothes. They also carry large bags where they can put everything, like celphones, tablets and even old records!

Sarah is a hipster girl. She's very young and she lives alone in a small flat in a trendy area of Buenos Aires. She's mad about photography. She has got a simple camera but she wants to buy a better one. So she's saving money for that. She studies Art at university and she plays the violin in her free time.

I study art at University. I usually go to uni by bike. I have got an old bike but I love it. My grandmother gave it to me last year. At the weekend I hang out with friends. We usually go to art galleries and if the weather is nice, we go to the San Telmo street market.
