1. My Wonderful Family

I live in a house near the mountains. I have two brothers and one sister, and I was born last. My father teaches mathematics, and my mother is a nurse at a big hospital. My brothers are very smart and work hard in school. My sister is a nervous girl, but she is very kind. My grandmother also lives with us. She came from Italy when I was two years old. She has grown old, but she is still very strong. She cooks the best food!

My family is very important to me. We do lots of things together. My brothers and I like to go on long walks in the mountains. My sister likes to cook with my grandmother. On the weekends we all play board games together. We laugh and always have a good time. I love my family very much.

A great weekend

I had a great weekend. On Friday afternoon, I finished work at 5 PM. I went home and took a shower. Then I went to see a couple of my friends at a bar downtown.

We had a couple of beers and a nice talk.

Tom told us about his new job, and Jim told us about his new girlfriend. After a while, we went to a restaurant and had pizza. I went to bed late that night, but I was very happy.

On Saturday morning I went running in the park. I ran 5 kilometers, and then came home.

After that, I met my girlfriend for lunch. We went to a Thai restaurant near my house. I love Thai food!

I spent the evening with my girlfriend, watching TV on the sofa.

The next day, I got up and caught the train to my parent's town. I usually go to see my parents on Sundays, at least twice a month.

My mom usually makes a roast, and we go for a walk in the park or in the country after lunch.

This weekend was a bit different, though. My parents took me out for a nice lunch because it was my birthday. After lunch, we took a walk (as usual) and then I caught the train back to London.

Now it's Monday and I'm back at work, but I've got big plans for next weekend!
