A healthy diet is one that helps to maintain or improve overall health. To be healthy, you should eat rice, bread and a lot of vegetables and fruits. It is important to eat vegetables everyday because you need vitamins from them for a healthy body. Orange or apple juice is good for breakfast or lunch, and you should drink a lot of water between meals. You also need some meat, fish or eggs. Do not eat too much chocolate! Although the chocolate has some vitamins, it has a lot of fat and sugar too.
