The origins of the USA

For thousands of years, several different groups of ¹_____ people lived on the continent of North America following their traditional ²_____. But from the early 16th century, European ³_____ set sail in ships looking for new places in North America, and in 1565 the Spanish founded a small settlement in what is now Florida. In 1607, English ⁴_____ established Jamestown, Virginia, and began growing tobacco. Throughout the 17th century many more English people settled in North America, and soon there were English ⁵_____ throughout the country.
