

## IS YOUR NAME *Trendy?*

Some people have names that are very unusual and unique. Think about the actress **Emily Blunt**, for example. Her daughters' names are **Hazel** (an eye color) and **Violet** (a flower). **Alicia Keys** has a son named **Egypt**. How cool is that? Are these names trendy? The answer is . . . maybe.

Many names seem to be trendy for a while, just like clothes. In the United States, some grandmothers and great-grandmothers have names like **Mildred** and **Dorothy**. For grandfathers and great-grandfathers, it's old names like **Eugene** or **Larry**. These names usually come from Greek and Latin, but they're not very popular now.

Parents sometimes choose names because they like an actor or a famous person. That's how trends usually start. For example, **David** and **Victoria Beckham** have a son named **Brooklyn** and a daughter named **Harper**. Now, **Brooklyn** is a popular boy's name and **Harper** is a popular girl's name. In the United Kingdom, baby boys often get the name **George** because of Prince **George**, Prince **William** and **Kate Middleton's** first child.

There is also a trend for names that are things or places (like **Egypt**). Flower names are becoming more popular: **Poppy**, **Daisy**, and **Lotus**, for example. Space names are cool, too. More and more babies have names like **Orion** (a star), **Luna** (the moon), or **Mars** (a planet).
