LIVEWORKSHEETS

10 Read. Answer the questions.

Rubbish in the sea and beaches is a big problem. It is dangerous for humans. It harms and kills marine wildlife.

Keep our beaches clean!

Every summer in Barcelona, thousands of volunteers meet on beaches. Together, they pick up rubbish. Kilos and kilos of rubbish! They find a lot of things: drink cans, cartons, glass bottles, balloons, straws, wrappers, plastic bags, cigarettes and thousands of other objects.

Please help keep our beaches tidy. Participate in the Great Barcelona Beach Clean. You can find information on our website. And remember: always take your rubbish home!

1. Is rubbish on the beach dangerous for humans and animals? Why?

_____

2. What types of rubbish do people find on the beach?

_____

3. How can you help?

_____
