I'm very pleased you're coming to tea. I leave school at four o'clock. Why don't you meet me outside the school?

When you come out of the station, cross Station Road and take the second turning on your left. Go along the road and then turn right. You'll see the post office on the corner. Go past the sweet shop on your left (I usually stop and buy some chocolate!) and take the first turning on your left. The cinema is on the corner. You'll see the school on your left. My house is opposite the school – I'm lucky.

See you at four!
Love,
Kate
