Gestures around the world

Listen to the video and choose True or False

True or false

1- All gestures mean the same around the world.

2- Grabbing and twisting your nose means Alcohol in Russia

3- Russian scratch their nose to say things are too complicated.

4- Nodding for yes and shaking their head for no isn't a universal gesture.

5- Tilting their head from side to side usually means uncertainty in South Asia.

- Do you know any other change?
