III. Read the passage

Millions of young people play video games. Some play them at home, others play them in arcades. The inventors of the games become very rich. Some of the inventors are as young as 14 or 15. These games are good fun, but players must be careful. They should not not spend much time on these games because they can become tired or dizzy. Sometimes, players spend too much time on their own because they like to play video games so much. One doctor says" This is very bad for children. They must take part in activities with others. All children should play outdoors and develope their social skills. They should be with people of their own age. Children should spend only a small part of their free time playing video games. They mustn't forget to do other things too."

1. Check True / False:

a. many young people play video games.

b. Children spend much time on these games can become tired or dizzy.

c. The doctor thinks some children should take part in outdoor activities with their friends.

d. The doctor says you should spend all your time playing video games.
