Multiplication square: https://www.dkfindout.com/uk/maths/times-tables/multiplication-square/
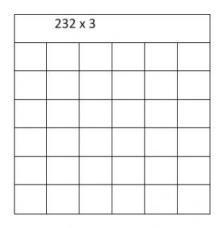

372 x 5 = 1860

Set it out like I have shown you, clearly and
with any carries clearly shown.

	3	1	
	3	7	2
		X	5
1	8	6	0

Task 2: Complete the equations below – use the example above to guide you.

133 x 2

232 x 3

**Task 2: Set out your equation by putting 1 digit per box – show the numbers
that you have carried over clearly at the top of the equation.**

705 x 6

334 x 5

Reasoning using the formal written method:

There are 320 rice krispies in each rice crispy bar. There are 8 rice krispy bars. How may rice krispies are there , in total?

What is the multiplication sentence?
_____

Calculate the equation in the grid below.
