WHEN THERE ¹ _____ ME AND YOU

VANESSA HUDGENS

It's (A) _____ when you find yourself
Looking from the outside
I'm standing (B) _____ but all I want
Is to be over there

Why did I let myself believe
Miracles could happen?
'Cause (C) _____ I have to pretend
That I don't really care

I thought you ² _____ my fairy tale
A dream when I'm not sleeping
A wish upon a (D) _____
That's coming true

But everybody else could tell
That I confused my (E) _____ with the truth
When there ³ _____ me and you

I swore I knew the melody
That I heard you (F) _____
And when you smiled you made me feel
Like I could sing along

But then you went and changed the words
Now my (G) _____ is empty
I'm only left with used-to-be's
And once upon a song

Now I know you're not a fairy tale
And dreams ⁴ _____ meant for sleeping
And wishes on a star
Just don't come true

'Cause now even I (H) _____ tell
That I confused my feelings with the truth
Because I liked the view
When there ⁵ _____ me and you

I can't believe that I could be so blind
It's like you ⁶ _____ floating while I ⁷ _____ falling
And I didn't mind

'Cause I liked the (I) _____
I thought you felt it too
When there ⁸ _____ me and you
