

## LISTENING ACTIVITY

- 1 Fill in the blanks 1-8 with WAS or WERE; then, listen and check.
- 2 Listen and fill in the blanks A-I with only ONE word that you heard.
- 3 At the end, listen, sing the song to practice your pronunciation.

### WHEN THERE <sup>1</sup> \_\_\_\_\_ ME AND YOU

VANESSA HUDGENS

It's (A) \_\_\_\_\_ when you find yourself  
Looking from the outside  
I'm standing (B) \_\_\_\_\_ but all I want  
Is to be over there  
  
Why did I let myself believe  
Miracles could happen?  
'Cause (C) \_\_\_\_\_ I have to pretend  
That I don't really care

I thought you <sup>2</sup> \_\_\_\_\_ my fairy tale  
A dream when I'm not sleeping  
A wish upon a (D) \_\_\_\_\_  
That's coming true  
  
But everybody else could tell  
That I confused my (E) \_\_\_\_\_ with the truth  
When there <sup>3</sup> \_\_\_\_\_ me and you

I swore I knew the melody  
That I heard you (F) \_\_\_\_\_  
And when you smiled you made me feel  
Like I could sing along

But then you went and changed the words  
Now my (G) \_\_\_\_\_ is empty  
I'm only left with used-to-be's  
And once upon a song

Now I know you're not a fairy tale  
And dreams <sup>4</sup> \_\_\_\_\_ meant for sleeping  
And wishes on a star  
Just don't come true

'Cause now even I (H) \_\_\_\_\_ tell  
That I confused my feelings with the truth  
Because I liked the view  
When there <sup>5</sup> \_\_\_\_\_ me and you

I can't believe that I could be so blind  
It's like you <sup>6</sup> \_\_\_\_\_ floating while I <sup>7</sup> \_\_\_\_\_ falling  
And I didn't mind

'Cause I liked the (I) \_\_\_\_\_  
I thought you felt it too  
When there <sup>8</sup> \_\_\_\_\_ me and you
