

$$140 : 20 = \square$$

$$\square : \square = \square \quad \square \cdot \square = \square$$

$$\square \cdot 20 = 140$$

$$240 : 60 = \square$$

$$\square : \square = \square \quad \square \cdot \square = \square$$

$$\square \cdot 60 = 240$$

$$450 : 50 = \square$$

$$\square : \square = \square \quad \square \cdot \square = \square$$

$$\square \cdot 50 = 450$$
