

Dear Mars,

How is life? I am doing very well.

As you _____, I like catching my shadow. One day, my _____ kicked me! At which I got really mad and _____.

I ran towards the mirror. In the _____ I saw a very dirty creature! I attacked the beast! But it _____ me on my head. What a mean beast!

Later I _____ into the mirror where the beast lives. And I only saw myself, not a _____. All this time it was me!

I then _____ a bath because I didn't want to scare Alex.

My dear friend, please take baths and don't attack shadows and _____. Just sleep!

With love,
Your friend,
Freya.
