**Read the following passage**

There are many things we can do to improve the environment around us. Firstly, we encourage our family members to go to work and to school by bus. It will help to reduce the air pollution. Secondly, we ask our friends to pick up rubbish in parks or in streets. It will help to make the parks and streets clean. Thirdly, we tell our family members and friends to save energy by turning off lights, TVs and computers when we don't use them.

**This** will help to save electricity. Fourthly, we encourage people to use reusable bags instead of plastic bags. Finally, we ask our friends to give old clothes to charity instead of throwing them away. If we do these things well, we will take great part in improving our environment.

**1.** we encourage our family members to go to work and to school \_\_\_\_\_.

A. Yes, we do      B. Yes, we does      C. Yes, we are      D. Yes, we will

Environmental pollution is a term that refers to all the ways by which man pollutes his surroundings. Man dirties the air with gases and smoke, contaminates the water with chemicals and other substances, and damages the soil with too many fertilizers and pesticides. Man also pollutes his surroundings in various other ways. For example,

people ruin natural beauty by scattering junk and waste on the land and in the water.

Environmental pollution is one of the most serious problems facing mankind today.

Air, water and soil are necessary to the survival of all living things. Badly polluted air can cause illness, and even death. Polluted water kills fish and other marine life.

Pollution of soil reduces the amount of land that is available for growing food.

Environmental pollution also brings bad things to man 's beautiful natural world.

**5.** In which way do people cause air pollution?

- A. Man throws garbage on the land.
- B. Man dirties the air with exhausted gases and smoke.
