To Make a Cup of Coffee Follow These Steps 1

To make a cup of coffee you can follow these steps. First boil water until it 2
turn to 100°C or 212°F. Second put one to two teaspoon of instant coffee in 3
a cup. Then choose your choice of sweetener like honey, sugar, or it can be 4
without sweet. Up to how sweet you like it. Next, choose your choice of milk 5
or cream. Third pour hot water carefully and stir well until everything melt. 6
Finally your cup of coffee is ready to serve and you can enjoy your drink. If 7
you follow these steps you will enjoy inexpensive a cup of coffee by yourself. 8
