Useful Tip for completing sentences

In some tasks where you have to complete notes, the answers that you hear will be in the correct form
(noun, adjective, tense , etc), so you don't need to make any changes.

Read the sentences carefully before you listen to identify the type of word you need to complete the sentence.

After listening, read the whole sentence and check it makes sense.

You will hear part of a television documentary Agree or disagree with the statements. Tick T or F
