

Hi! I'm Adam. I'm a hairdresser, not a pro one of course... But I'm learning and I love doing this! I make lots of different hairstyles every week. I used to have friends as clients first, but then I became popular in my neighborhood...

Look! This is Holly, my neighbor who was looking for a big change. She used to have long hair; so, I thought of a buzz cut which was totally the opposite. She agreed and the result was amazing

This is my favorite! He is Tristan whose dreadlocks look great! He used to have something like a bob. This haircut looked great on him but he was a bit tired of it. He came for a change in color but then he asked me to try with dreadlocks... I must say it was complicated but I did it!
