

Unit 9: In the playground - Lesson 1&2

* * *

Name:

Class:

1 What did we learn today

Vocabulary	Grammar	Skills
• action verbs • numbers 1 – 100	• present continuous	• Describe a picture • Read and complete the sentences about the story

3 Let's Practice

Read and write Yes or No

Hello, I'm Kim. Like other kids in our town, I am very excited because we have got new a playground.

The town never had a playground before. The new playground looks fun! There is a tall ladder to climb up. We can take the slide down. It is very fast.

There is another slide, too. It goes around in a curve. We also can go across the swinging bridge.

The monkey bars are above the ground. You need strong arms for them.

There is a tunnel to crawl through under the slide. In front of the monkey bars there is a tower to climb. In the back of the monkey bars, there is a wheel to turn.

If you climb the stairs, you can go left to the fireman's pole.

You can also go right to the rope ladder. On the swings, you can get pushed very high!

There are also see-saws that can take you very low.

The playground is so fun now! All of us enjoy it. There are so many things to do.

1. The town has got new a playground. **Yes**
2. There is only one slide in the playground.
3. There aren't any swings in the playground.
4. The monkey bars are under the slide.
5. Kids in the town can climb up a tower behind the monkey bars.
6. There is a seesaw in the playground.
