Dear Anna,

How are you? Thank you for your letter! I am writing to tell you everything about my weekend. It wasn't the best one!

On Friday, after school, I started feeling sick. I had a terrible headeicke and a sore throat. My mum touched my head to see if I had a tempratiure and I did. On Saturday morning I got an yearaiche, too. I stayed in bed a lot and took some pils, but they didn't help. In the evening I also had a tooteich so I had to take a peinkilar. Because I stayed in the house, I played kardz with my family and we watched a komedi on TV. The film was about a great watherfal and some people who wanted to jump in it. Of course, they had problems and a hellikopter had to save them. Yestardai was the best day because I felt better after the nice evening with my family.

What about you? Write back and tell me all about it!

Best wishes,
Mary
